

SM9621G

SeraSilk ELA 21

INCI : C13-15 Alkane (and)
Dimethicone/Vinyl Dimethicone Crosspolymer

Applications

Skin Care

Color cosmetics

Benefits

Light, silky, non-greasy skin feel

Thickening agent

Natural oil blend

Description

KCC Beauty SeraSilk ELA 21 is a mixture of high molecular weight crosslinked silicone elastomer in C13-15 Alkane ; a silicone fluid alternative manufactured via fermentation of sugar cane. SeraSilk ELA 21 gives a fresh gliding sensation and a non-greasy after feel. It works well with all kinds of oils including natural and silicone oils.

KCC Beauty SeraSilk ELA 21 provides thickening of cosmetic formulations. They have the ability to increase formulation oil phase viscosity.

Typical Properties

Appearance	Translucent paste
Viscosity(cP, 25°C)	150,000 cP
Gel contents(%)	25%
CTFA / INCI Designation	C13-15 Alkane (and) Dimethicone/Vinyl Dimethicone Crosspolymer

Typical Properties

The values mentioned are not intended for use in preparing specifications. We have made every effort to ensure these values are correct as of the revision date of this document.

Method of Use

As a versatile ingredient, the method of use will depend on the type of formulation in which the SeraSilk ELA 21 is being included and the other ingredients involved.

A few formulation suggestions include : - Adding the elastomer into the oil or silicone phase of an emulsion. - Pre-dispersion in low molecular weight oil before addition to a formulation.

Recommended Usage Level

Usage level is highly dependent on application and is usually between 1 and 90%.

Packaging

15kg pails and 140kg drums.

Storage and Shelf Life

The product should be stored below 30°C. And it should be stored dark place and not be allowed to freeze. Shelf life of the unopened container is 24months from the date of manufacture. If you wish to use this product after this time, please contact us for details.

Toxicity and Handling

Please see our SeraSilk ELA 21 safety data sheet for more details. Information for safe use of this product is not included in this document. Before handling please read container labels and the safety data sheet for physical, environmental and health hazard information.

Limited Warranty Information

Although every effort has been made to ensure that the information contained within this data sheet is reliable, we cannot be held responsible for the correctness of the information or for any loss, injury or damage which may result from its use. Suggestions of uses should not be taken as inducements to infringe any particular existing patent.
